

Tax Credits for Retirement Plans

The SECURE Act made changes to available tax credits for businesses who offer a retirement plan including Qualified Plans, SEPs and SIMPLE IRAs.

START-UP CREDIT

- Credit may be claimed for each of the first 3 years of the plan
- Applies to companies with no more than 100 employees who receive more than \$5,000 in compensation.
- Plan must cover at least 1 Non-Highly Compensated Employee (NHCE).
- Credit is available to employers who have not maintained a plan covering substantially the same employees for the three preceding tax years.
- Amount of Annual Credit equals the greater of:
 - \$500 or
 - \$250 times the number of NHCEs, not to exceed \$5,000 AND
 - Applies to 50% of qualified start-up cost
- *Qualified Start Up Cost* – includes any out of pocket expenses directly related to the establishment or administration of the plan including TPA, recordkeeping and fiduciary fees.

As an **example**, a plan covers 10 NHCEs. Start-up cost is \$1,000 and annual administration is \$2,000. The Maximum Annual Credit is \$2,500 (\$250 x 10 NHCEs), which applies to half of the expense.

Year	Qualified Start-Up Cost	Tax Credit	Tax Deductible Expense
1	\$3,000	\$1,500	\$1,500
2	\$2,000	\$1,000	\$1,000
3	\$2,000	\$1,000	\$1,000
4	\$2,000	\$0	\$2,000

AUTOMATIC ENROLLMENT CREDIT

For new or existing plans that add an auto enrollment feature, a \$500 annual credit is available for 3 years. Credit can be used in addition to the start up credit and applies to companies who have at least 1 NHCE and no more than 100 total employees.
